This questionnaire contains 42 questions. Answer the questions based on your observations of the patient in the last week. Please answer every question. If you are not sure which response option is best, please select the option that most closely represents your observations. An answer is never incorrect; always select the option that resembles reality most closely from your perspective. Do not overthink your answers; the first option that comes to mind is usually the best.

Never = Never in the past week

Rarely = Once at most in the last week

Sometimes = A few times a week

Frequently = Almost daily

	Never	Rarely	Sometimes	Frequently	
1 Has a contented appearance	0	1	2	3	C
